AT FEYLYMAS WE BELIEVE THAT QUALITY PROJECT MANAGEMENT REQUIRES MANAGING THE SMALL PARTS TO BRING OUT THE BIGGER PICTURE.

THE PROJECT MANAGEMENT ROLE

ABOUT FEYLYMAS CONSULTANTS

Felymas Consultants International specializes in high quality value added services to clients in the areas of construction engineering services, programme management, project management, research and business planning, project evaluation and technical delivery.

Felymas Consultants are experienced in assisting Clients to create, develop and implement construction projects, and have a full knowledge of dealing with a diverse range of clients.

Our staff has been involved in some highly significant commercial, private, leisure and cultural projects across the region and abroad, as well as some of the most complicated and sensitive projects. This involvement has included developing the concepts, shaping the project,

researching and proving the business case, securing the funding packages, delivering capital projects and supporting clients through the operational planning and set-up phases.

We see all these areas as being part of the “project engineering/management” role, as they are all vital in realizing the best vision of a project.

This sets us apart from standard project management companies, who primarily concentrate on delivery aspects alone – and whilst we are endlessly competent at this role we believe that the skills associated with the wider project management role enables Felymas to provide a unique operational and business planning support role to clients. The ability to call upon experience and expertise in all areas of the capital and revenue project development process has provided considerable added value to many clients.

Our experience means that we can offer in-depth knowledge on the requirements of the client through the combination of strategic vision with delivery detail in a committed approach.

The value range of properties we handle varies from a few thousand dollars for small refurbishment projects to surveying and project management commissions of multimillion dollar projects.
